SUBGROUP THREE ELECTION COMMISSIONER

Election Records: 1913-1970
Cubic ft: 19
No of items: 13 reel, 35mm, diazo microfilm; 564 reels, 16mm

SCOPE AND CONTENT NOTE

This subgroup of record group 230, Douglas County, consists of microfilmed election records for Douglas County & Omaha, 1913-1970. The records were microfilmed by the Douglas County Election Commissioner and duplicate reels were given to the Archives in 1977. Reels 1-13 of Abstracts of votes cast, 1890-1966, were copied from Douglas County original microfilm in 1978.

Regular registration forms (original Registers) were used at the polling place. Cancellation forms or cards originated in the office of the Election Commissioner. These forms were kept active until the registrant let it expire, got married, changed their name

or died. Some forms are marked challenged. The period between a "challenge" and challenge expired" was exactly one year. Cancelled registration forms include information for name, Ward/District, Country of Nativity, Date of Naturalization, Court of Naturalization, Date of Registration, Addresses in Douglas County, Date of Cancellation and reason. More information is available on the regular registration records.

Series One consists of Abstracts of Votes Cast at Elections for Douglas County, 1882-1974.

Series Two, Cancelled Voter Registrations, 1913-1951, consist of original voter registration cards which were cancelled by expiration, marriage, death, name change, etc. Names appearaing more than once on different registrations are for the same person and usually the result of a change of address. Patrons are advised that names are not in strict alphabetical order but are microfilmed in a numbering order. Deceased Voter Registrations cover registrants who died between 1913 and 1949.

Series Three, Election Registers, 1913-1970, are the forms filled out at the polling place. They are arranged alphabetically by decade and include persons registering in the city of Omaha.

Cubic Ft.: 8
Number of Items: 9 volumes on microfilm in ref. room; 47 board minute volumes (paper)
Microfilm: Reference Room: Birth and Death Registers

SERIES ONE BIRTH REGISTERS, 1869-1907

NOTE: Birth Records will be filmed in the order they were received. This listing is provided as a guide for the use of these registers. These Birth Registers are primarily for the city of Omaha and South Omaha. An index to births in Douglas County, January 1874 - June 1887, can be found in our library.

NOTE: The year 1886 is entered in Vols. #1 & #2 along bottom of most pages of each alphabet, in either forward or reverse page direction.

Vol. 1 Birth Register, 1869 - June 1887

NOTE: Entries are scant for years 1876-1877 and there are no entries for the year 1878.

NOTE: Volume #1 has pages that may be illegible on microfilm due to fading of original writing or washing of original pages during conservation effort. Also Volume #1 has extensive page damage due to poor quality original paper and overuse of brittle original.

Volume begins with loose documents re births, 1870-1886

SUBGROUP NINE COUNTY COURT

Date: 1857-1990
Cubic ft.: 57.75
Approx. # of Items: 291 reels 16mm negative microfilm; 424 35mm negative microfilm; and 32 boxes.

SCOPE AND CONTENT NOTE

This Subgroup contains records of Douglas County Probate Court, 1857-1971. Much of the microfilm is restricted to Reference Staff use only. The 16mm microfilm for records 1857-1941 was produced by an outside vendor for Douglas County in May of 1965. Additional Probate dockets dating from 1941-1971 were microfilmed by Douglas County in 1979. The State Archives does not claim responsibility for the condition of the records on microfilm not produced by our agency. Much of the film produced in 1965 has poor density and copy quality cannot be guaranteed. Many pages were torn or obscured during the filming process. We have opened this film for use of patrons because of its poor quality and because the records are marked for refilming in the near future.

The fee books of Douglas County Probate Court, Dockets #1 (1868) thru #92 (1964) were accessioned by the State Archives September 24, 1991 and are in the process of being microfilmed by our agency. These books provide an index to filings in Probate Court, including estates, guardianships, assignments, condemnations, and railroad accounts w/ Douglas County for condemnation matters.

All the above microfilm is restricted to use by reference personnel only as the volumes contain early adoption records which are sealed by law. Requests for information must be submitted to reference staff who will research the film for patrons.

An Administrative Index to Douglas County Probate records, 1864-1947, which access the fee books appears on rolls #1 and #2 of series one. Also appearing on this roll is a general index to Douglas County probate for Probate Dockets A thru Q and 1 thru 13, 1857-1890.

SERIES THREE FEE BOOKS (index to Probate), 1868-1963

NOTE TO PATRONS: These volumes are used as a finding aid for the Probate Dockets of Series Four. The volumes are strictly chronological and are arranged by case number. They contain entries regarding a probate for the entire span of the case. Patrons should use these volumes first in locating Probates after 1896. Numbers received from Douglas County Court prior to research refer patrons to these volumes. For probate prior to 1896 use General Index, vol. #1

NOTE: Volumes contain entries for filings thru October 1990 in cases filed between 1868 and 1963. Volumes which contain information on adoptions are marked with an asterisk. Entire rolls on which these volumes appear are restricted to reference staff use only. See microfilm record following this series.

SERIES FOUR PROBATE DOCKETS, 1857-1971

NOTE TO PATRONS: Patrons should use the Fee Books of Series Three as a guide to the probate dockets. These dockets are similar to the complete record of the district court. They can record a probate case from beginning to end in one volume. In early years a case was recorded in the dockets after closure from beginning to end. For cases 1858-1895, individual filings are found in the Entry and Estate Books of Series One & Two. The dockets have no real chronology and are not filed alphabetical.

The Administrative Index filmed with Series Three is alphabetical and includes most cases from 1900-1947. Some early cases are not included. Use the General Index, Vol. #1 on microfilm for early Douglas County Probate.

The fee books prior to 1897 were used strictly as fee books and there is no reference to book and page numbers. You must use General Index vol. #1 and check each volume & page entered to find desired documents. There is no fast way to find individual documents prior to 1896.

For cases after 1896, if a date of probate or case numbers have not been received from Douglas County, it is better to leaf through the Administrative Fee Books of Series Three than to attempt to find a probate using the Probate Dockets.

NOTE: Single dates used in this inventory are the date of filing of the initial papers in a probate case and do not reflect the inclusive dates of one case file in the dockets. Microfilm Record can be found following volume inventory.

SUBGROUP TEN DISTRICT COURT, 1855-1972

Scope and content note: This series consists of records transferred from the Douglas County District Court. Records are arranged into series by type. Types include naturalization records, general indexes, court journals, complete records, appearance dockets, execution dockets, bills of exception, criminal case files, civil appearance dockets, and adoption records.

The majority of our holdings for the Douglas County District Court date 1855-1900. The exceptions include the naturalization records, two reels of records related to the Omaha race riot of 1919, nine boxes of bills of exception from the 1960s-1970s, and one reel of civil appearance dockets which extends into 1909.

For all other post-1900 district court records, please contact the Douglas County District Court for access.

Access note: These records are open except for adoption records, which are confidential per Nebr. Rev. Stat. 43-118. Patrons need to obtain a court order from district court clerk of Douglas County for permission to access adoption records.

Related collections: Many district court records created prior to Nebraska's statehood are arranged under RG058 Territorial Court Records. Please see that finding aid for more information.

SERIES ONE, NATURALIZATION RECORDS, 1855-1964

Scope and Content Note:

The Naturalization Records of Douglas County were microfilmed by the county in October and November of 1977. The Clerk of the District Court received a positive copy of the microfilm as well as the Nebraska State Historical Society for the reference room. The security masters were sent to Douglas County storage in Hutchinson, Kansas. If copies of the microfilm produced by the county is desired, patrons are requested to contact the Douglas County District Court.

Original records were transferred to the Douglas County Historical Society, except for the early naturalization records and the supplemental documents and certificates. Originals are available for Vols A-C of Declarations, 1855-1870; for supplemental documents (1 box); and certificates of Naturalization, 1906-1921. The remainder would be at Douglas County Historical Society.

To find your documents, review the indexes on reel #1-#3 of Subseries One. Obtain the volume number and the number of the declaration or petition as that is how the collection is inventoried and it will make finding your document easier. Match the volume number or the number of the declaration to the roll number.

Prior to 1906, no petition or declaration numbers were assigned. The Affidavits of Naturalization, Subseries five, accompany declarations prior to 1906. These volumes are indexed at the front of each volume. Also, check the index reel of naturalizations prior to 1906 in Nebraska to obtain the Journal volume and page where citizenship is recorded. The Journals are in original format, but an index to Journal A-M exists on roll #1 of Subseries One. There are some supplemental documents in Subseries four that may relate to early naturalizations. These documents are indexed in this inventory and have not been microfilmed. See reference staff for access to these records. Declarations, V. AC for 1855-1870, have recently been microfilmed by the Genealogical Society of Utah. The Historical Society has a copy master.

After 1906, the Petition and Record should contain full documentation of a persons naturalization, including their declaration of intention. Obtain volume and petition number to get to the correct reel. Also, check the supplemental documents of subseries four. These records were never microfilmed and may accompany certain naturalizations after 1906. There are also loose declarations of intention available in subseries two, Box 1, that may relate to these naturalizations. These include some out of state declarations and are indexed in this inventory.
