HISTORICAL NOTE

The area which became Butler County, Nebraska, was among the first to be penetrated by white men prior to the organization of Nebraska Territory. Fur traders, miners and overland travelers all passed through this region prior to June 26, 1856, when the county was organized by proclamation of Governor Thomas B. Cuming. An 1858 act of the territorial assembly named Mahala City as the county seat, but this remained only a paper city. Although the name was later changed to Savannah and a county courthouse was completed in February of 1872, an election in 1873 moved the seat of government to a new site named David City.

The early growth of the county was slow. Even the Homestead Act of 1862 failed to attract many permanent settlers. It was the railroad that assisted greatly in the county's move forward. In 1869 the Union Pacific Railroad was granted 97,000 acres, or about one fourth the land area of the county, by the federal government. An additional 5,760 acres was granted to the Burlington Railroad in 1872. Although the county's population increased from 27 in 1860 to 1,290 in 1870, the real increase did not appear until 1880 when a population of 9,194 was recorded by the Federal Census. One of the crucial factors in this population increase was the efforts of railroad advertising in eastern states and Europe in the hope of stimulating interest in an area where the railroads held large tracts of land. The county reached its peak population of 15,703 in 1900. Since that time, the population has declined.

Butler county was named for David Butler, the first state Governor of Nebraska, 1857-1872.

The bulk of the assessment records, Subgroup One, are for valuation of personal property, 1875-1933. Personal and Real Estate Tax Lists, 1869-1975, appear in Subgroup Two. This Subgroup is divided into four series: 1) Tax Lists, 1869-1969; 2) Delinquent Tax Lists, 1869-1938; 3) Tax Sale & Redemption Records, 1872-1909; and 4) Miscellaneous Volumes, 1915-1917.

The State Archives currently holds no records for Subgroup Three, County Board of Commissioners.

Subgroup Four, County Clerk, is divided into three series: 1) Marriage Records, 1869-1944; 2) Bond Records, 1890-1909; and 3) Bounty and Estray Records, 1873-1893. The marriage records on microfilm were copied from security microfilm of the county held by the State Archives.

Subgroup Five, Register of Deeds, contains Numerical Index volumes, 1867-1913; and Abstract of Title record, 1867-1884; and an Abstract of Homestead Entries, 1867-1904.

Subgroup Six, County Court, 1876-1933, contains County Court Term Dockets, 1876-1908, and Justice of the Peace Dockets, 1872-1933.

We hold Butler County Naturalization Records for Subgroup Seven, District Court. These records were microfilmed by the Historical Society in 1987 and are inventoried as Series One of this subgroup. We hold no records for Series Two thru Nine. Also included in this subgroup are nine reels of miscellaneous dockets and filings of the District Court, 1955-1981. Recent contact with the District Court (1995) indicates that the whereabouts of the early records of the court is not known. The records at the county courthouse date back to 1912 only.

We hold no records for Subgroup Eight, Superintendent of Schools.

Subgroup Nine, School District Records, is divided into eight series:

- 1) School District #1-R, 1928-1977;
- 2) School District #40, 1874-1884; 1905-1947
- 3) School District #83 1890-1955;

- 7) School District #64, Alexis Twp, Section 15; and
- 8) Misc. Materials, ca. 1890-1970

Subgroup Ten, Township Records, is divided into one series: 1) Ulysses Township, 1913-1979. The records of this series were received in September of 1977 and microfilmed by the Historical Society in December of 1978.
