## HISTORICAL NOTE

The earliest settlers arrived in what is now Clay County in 1857, but major settlements did not occur until the 1870's. In 1864, and again in 1866, Indian raids drove many residents of the area from their homes. On September 11, 1871, the acting Nebraska governor, William H. James, authorized an election for the purpose of county organization. Sutton was selected as the county seat and the county was named after Henry Clay.

Like other Nebraska counties, there was controversy over the permanent location of the county seat. In a series of bitterly fought elections, Harvard, Sutton, Fairfield, and Clay Center all vied for the prize. It was not until the election of November 7, 1879, that Clay Center was permanently fixed as the county seat where it remains today.

## SCOPE AND CONTENT

This record group consists of records of Clay County, Nebraska, arranged in Nine Subgroups: 1) County Assessor, 1872-1960; 2) County Treasurer, 1872-1933; 3) County Board of Commissioners, 1872-1966; 4) County Clerk, 1872-1935; 5) Register of Deeds (no records); 6) County Court Records, 1875-1903; 7) District Court, 1872-1952; 8) Superintendent of Schools; 1872-1912; and 9) School District Records (no records).

The first Subgroup into four series: 1) Precinct Assessment Books, 1872-1908; 2) Personal Assessment Schedules, 1910-1960; 3) Real Estate Assessment Schedules, 1910-1941; and 4) Special Assessment of Livestock, 1917.

The bulk of the Clay County records relate to personal and real property assessment and taxation (Subgroups One and Two respectively) during the period 1872-1960. Most prevalent are assessment schedules indicating valuation of real and personal property in various precincts for those years. Precincts most completely represented are: Lewis, Harvard, Sutton, Eldorado, Inland, Glenvil, Lynn, Leicester, School Creek, Lone Tree, Marshall, Sheridan, Logan, Edgar, Fairfield, and Spring Ranch.

Subgroup Three relates to the County Board of Commissioners and includes correspondence submitted to the board for consideration at their meetings and is considered supplemental documentation to the minutes. This Subgroup is divided into Five series: 1) County Board Proceedings (no record); 2) Supplemental Correspondence, 1872-1966; 3) Soldier's Relief Commission, 1917-1919;

It also includes a survey/census for each donor to the war effort. These survey cards are extremely fragile and cannot be used for reference. Plans to microfilm these cards will be made at a future date.

Subgroup Four, County Clerk, is divided into nine series: 1) Marriage Records (no record); 2) Election Records, 1872; 3) Bond Records (no record); 4) Professional Registers (on security microfilm); 5) Brand and Estray Records (no record); 6) Articles of Incorporation (no record); 7) Militia Lists & Rosters, 1899-1935; 8) County Census Records; and 9) Miscellaneous. Most records for the office of county clerk remain at the county courthouse.

There are no records in storage for Subgroup Five, Register of Deeds. We do hold security microfilm for this office, 1872-current

Subgroup Six, County Court, is divided into 10 Series: 1) Probate Records, 1885-1902; 2) Justices of the Peace, 1875-1877; 3) Calendars and General Indexes (no record); 4) Civil & Criminal Dockets, 1876-1887; 5) Judge's Dockets, 1887-1902; 6) Case Files (no record); 7) Delayed Birth Records (no record); 8) Adoption Records (no record); 9) Guardianship Records (no record); and 10) Condemnation Files (no record). The Case Files, dockets and calendars of the county court were destroyed by the county in 1973.

Subgroup Seven, District Court is divided into ten series: 1) Naturalization Records, 1872-1952; 2) General Index and Calendars; 3) Appearance Dockets; 4) Daily Journal; 5) Complete Record; 6) Civil and Criminal Case Files; 7) Bills of Exception & Exhibits; 8) Judgment and Execution Dockets; 9) State Tax Suit; and 10) Miscellaneous Records. The Archives holds only records for Series One, Naturalizations, which are contained on four reels of microfilm. These were copied from security microfilm held in the Archives. Most of the records of the District Court have been microfilmed by the county and the negatives are stored in the Archives.

Subgroup Eight, Superintendent of Schools contains the School Census of Clay County, 1872-1912, copied from security microfilm in May of 1986, and added to the Reference Room.

Subgroup Nine, School District Records contain one series: 1) School Dist. Unidentified (teachers from Fairfield, Edgar, Clay Center), 1901-1906
