HISTORICAL NOTE

Custer County was outlined by the Legislature in 1877 and officially organized in June of that year by a proclamation of Governor Silas Garber. The first election of officers took place in November of 1877.

The county was first occupied by cattlemen. By 1880 there were approximately 60,000 head of cattle on its ranges. Soon after, the cattlemen were forced to move further west by the influx of farmers to the area and by 1884 the number of cattle had been reduced to close to 4,000 head.

Broken Bow, the county seat of Custer County, was platted in June of 1882 and became the county seat in an election held in January of 1883. A post office had existed at this point since November of 1879. Prior to 1883, the official records of the county had been kept at the homes of the county officials.

Today Custer County encompasses an area of 2,571 square miles with a population of 12,270 (1990). The county was named for General George A. Custer, indian fighter.

SCOPE AND CONTENT NOTE

This collection consists of the official records of Custer County. The bulk of the collection is on microfilm. Records are arranged in nine subgroups: 1) Assessor, 1952-1965; 2) Treasurer, 1912-1954; 3) County Board of Supervisors, 1887-1973; 4) County Clerk, 1880-1980; 5) County Court, 1885-1904; 6) Deed Records, 1882-1982; 7) District Court (no records); 8) Superintendent of Schools (no records); and 9) School District Records, 1917-1988.

Subgroup One, Assessor, contains Personal assessments for the years 1960 & 1965, and Real Estate Assessments, 1952-1960.

The bulk of the remaining collection is contained on microfilm. Except for the Court Dockets and Tax Lists, the microfilm is copied from county security microfilm which is stored in the State Archives. The microfilm was copied with the permission of the county official in charge in 1988 & 1995.

Subgroup Two, County Treasurer, includes tax lists for the county dating 1912-1954. Included are motor vehicle tax lists for the years 1935-1944.

Subgroup Three includes the minutes of the County Board of Supervisors, 1887-1973, on silver negative microfilm copied from Custer County security microfilm.

Subgroup Four, County Clerk, is divided into two series: 1) Election Records, 1886-1980; and 2) Marriage Records, 1878-1972. Series One, Election Records, contains abstracts of votes cast at primary, general, and township elections, 1886-1980.

Series Two, includes the marriage records for Custer County, c.1878-1972. Included on roll #A is an index to marriages, 1880-1941, giving the names of the bride and groom, witnesses, person officiating, and the residences of each. Later sections of the book are arranged A-Z and give book and page number. This microfilm are copies from security microfilm of the county stored at the State Archives. Marriages, volumes 3 & 4, (1891-1898) are missing as well as volumes 8 through 12 (1909-1927). Patrons will need to contact the Custer County Clerk's office to determine if their office still retains the missing volumes for these marriage records.

Subgroup Five, County Court, includes county judges' dockets, 1885-1904 and an index to county court docket, 1885-1888.

Subgroup Six, Deed Records, is divided into two series: 1) Patent books, 1884-1892; and 2) General Index to Deeds, 1880-1944. The Patent books include certificates for land patents under the Act of Congress, 1820; Homestead certificates under the Act of Congress, 1862 and 1892; Railroad Land Grants under the Pacific Railroad Acts of 1862 & 1864; and timber culture certificates under the Acts of Congress, 1873-1878. Also included are military land grants given for war service.

There are currently no record in storage for Subgroups Seven and eight of the collection.

Subgroup Nine contains one series, School Dist. #234 records, 1917-1988, received by the Archives in 1999.
