BIOGRAPHICAL NOTE

Val (Frederick Valdemar Erastus) Peterson was born in Oakland, Nebraska, on July 18, 1903, the son of Henry C. and Hermanda (Swanberg) Peterson. He graduated from Wayne State College in 1927 and received an MA degree from the University of Nebraska in 1931, taking additional graduate study the next two years. He married Elizabeth Howells Pleak on June 6, 1929.

Peterson coached athletics and taught government and history in Nebraska high schools from 1925-1930 and was superintendent of the Elgin public schools from 1933-1939. He published the Elgin Review from 1936-1946, and served as secretary to Nebraska Governor, Dwight Griswold in 1941 and 1942. Peterson was elected three times as Governor of Nebraska on the Republican ticket serving from 1947 to 1953. From 1953-1957 he was administrative assistant with cabinet rank to President Dwight D. Eisenhower. During this time he was the Federal Civil Defense Administrator in charge of all disaster relief activities, and presided over White House governors' and mayors' conferences. He was named ambassador to Denmark in 1957 and served in that position until 1961 and later served as ambassador to Finland, 1969-1973. In Finland he hosted the Strategic Arms Limitation Talks (SALT) in 1973.

Val Peterson has received numerous awards and citations for distinguished service in government and in the Air Force during World War II and has served on boards of numerous corporations and professional and fraternal organizations.

SCOPE AND CONTENT NOTE

This subgroup of the papers of the Governors of Nebraska consists of 129 boxes of correspondence and papers of Val Peterson arranged in 19 series: 1) Pre-gubernatorial Records, 1930-1946; 2) Governor's Correspondence, 1947; 3) Jim Pittenger, Administrative Assistant - Correspondence, 1947; 4) Invitations and Appointments, 1947; 5) Topical Files, 1947;

NOTE: Governor's collection thru series above has been restructured into two subgroups: 1) Pre-Gubernatorial Records, 1930-1946; and 2) Office of the Governor,
1946-1947. Subgroup One, Pregubernatorial Records, is divided into three series: 1) Educational; 2) Personal; and 3) Political. Series one consists of term papers and background material on various subjects. Series Three includes papers of political nature and material on the campaign of Hugh Butler and Val Peterson. Subgroup Two, Governor's Correspondence, 1946-1947, is arranged into four series: 1) General Correspondence, 1946-1947; 2) Departmental & Topical Files, 1946-1947; 3) Jim Pittenger (Asst), 1946-1947; and 4) Invitations, Speeches, etc., 1946-1947. The year 1947 has been reorganized thru the letters "GR" of Series One. Additional departmental and subject correspondence may still be found in the general correspondence files of Series One for the remainder of the alphabetical files. These files are strictly alphabetical by name of correspondent. Some subject files have been added in reorganization but are at this time (1992) incomplete.

Inventory will change as collection is completed. Updates will be added as they are finished. Collection continues with old inventory from series: 6) Governor's Correspondence, 1948; 7) Topical Files, 1948; 8) Governor's Correspondence, 1949; 9) Topical Files, 1949; 10) Governor's Correspondence, 1950; 11) Topical Files, 1951; 14) Governor's Correspondence, 1952; 15) Topical Files, 1952-1953.

The above portion of the collection relates to the affairs of the Governor's office during the administration of Val Peterson, 1947-1953. Records for each year were generally kept in two files: Correspondence of the Governor arranged alphabetically by correspondence; and records and correspondence of state and federal agencies.

Boxes One through 124 were received after Val Peterson left office in January 1953. Additional material was added in 1982 from Governor Peterson's home in Fremont. These added materials consist of four boxes arranged in four supplemental series: 16) Correspondence, Post-Gubernatorial, 1961-1976; 17) Topical, Post-Gubernatorial, 1961-1976; 18) Daily Logs, 1961-1977; and 19) Political Administration Works.

The bulk of these materials deals with correspondence sent and received by Peterson to and from supporters and friends. The addition spans the years of Peterson's service as the United States Ambassador to Denmark, as a member of the Board of Regents at the University of Nebraska, and as a visiting lecturer. The collection contains a variety of private documents, articles illustrating Peterson's interests, copies of some of his speeches, and numerous other pieces of information which reveal the attitudes and political opinions of Peterson through the 1960s and 1970s.

Series Sixteen, Correspondence, 1961-1976, deals primarily with Peterson's views on issues after his term of office as governor had ended. The series is nearly evenly divided into the incoming and outgoing correspondence. Materials range from personal letters of congratulations to joint political statements. Included are explanations on the role of Ambassador of Denmark, ideas for an indoor football stadium; minutes from the Board of Regents; political correspondence with Vice President Nelson Rockefeller; and private counseling for the Lower and Upper Elkhorn Natural Resource District. Remarks from the J. M. McDonald Foundation, including minutes from meetings and by-laws, are included.
Series Seventeen are subject files kept by Peterson during the years 1961-1976. Included are various awards and certificates; military records and various orders received during his course of duty and while he served in the reserves; materials about Finland and conferences in Denmark involving his ambassadorships; and copies of speeches he delivered during this time period. Materials in this series were selected by Peterson to highlight the important events with which he was associated during these years.

Series 18 is Peterson's Daily Logs for the years 1961-1977. These records detail the daily routine of Peterson and reflect his personal organizational structure. Diaries written in 1963 and 1964 contain examples of his personal reflections during those years.

Series 19 contains a variety of material labeled Political Administration Works. This series includes a biographical papers written about Peterson, packets on the Civil Defense League, briefing books on Denmark, and reports on the economic strength of Nebraska. Apparently, Peterson maintained these files for use as evidence and source material in defining his political views in the 1960s and 1970s.

The latter material was donated by Val Peterson, through the courtesy of Thelma Peterson (Mrs. William) Launt and Gordon Peterson, in June of 1982.
