Wurn, Paul J., d.1969
Young, J. Tilton (James Tilton), 1874-1949
Zastera, B. R.

In 1899 the Board of Embalmers was established to examine and certify embalmers. This board was appointed by the state board of health. The legislature of 1931 required all funeral directors and undertakers in Nebraska to register.

The Legislature of 1901 provided for the certification of osteopaths by the state board of health. In 1909 the state board of osteopathy was formed consisting of the governor and five examiners appointed by the governor to examine and certify persons desiring to practice osteopathy.

An act approved April 3, 1903 required the state board of health to examine all applicants for certification as physicians. Prior to this time physicians were required to hold a diploma for registration in Nebraska. The legislature of 1917 passed a law reorganizing the health department and created an advisory board to conduct examinations for licenses to practice medicine.

The Board of Dental Secretaries was created by the legislature in 1905. It consisted of five dentists appointed by the state board of health for terms of five years. Their duty is to examine, certify and register all dentists in Nebraska.

Another Board created in 1905 was the Board of Veterinarians, later of the Board of Veterinarian Medicine and Surgery.

The Board of Optometry was created by the legislature of 1907. It consists of three examiners appointed by the governor for terms of three years.

The Board of Examiners of nurses was created by the 1909 legislature and members were appointed by the state board of health. The legislature of 1935 eliminated the nursing profession from the Uniform Licensure Act and set up a Bureau of Education and Registration of Nurses within the Department of Education under the supervision of the Superintendent of Public Instruction.

The Board of Chiropractic was created by the legislature of 1915.

The 1919 legislature established the Board of Chiropody.

The Basic Sciences Act was passed in 1927 requiring candidates applying for a license to practice the healing arts to be certified by a Basic Science Board before taking a license examination. The certificate related to Chiropractic, Osteopathy, and Medicine and Surgery, and covered the subjects of anatomy, physiology, chemistry, bacteriology, pathology, and hygiene.

The Board of Barber Examiners was also created by the 1927 legislature under the supervision of the Department of Public Welfare. The law was amended in 1929 to include all those who cut hair to hold haircutters licenses.

The Board of Cosmetology Examiners was created January 1, 1930.

The Board of Examiners for Architects and Engineers was established in 1937. See RG081 for records.

From 1953 to 1981, the Department of Health was governed by a Board of Health appointed by the governor. The 1981 Legislature passed a law defining the role of the 15 member Board of Health as the Bureau of Examining Boards.

From 1981 to the present time. The sole role of the Board of Health has been to govern the Bureau of Examining Boards. The Department of Health is no longer governed by a board and is headed by a Director.

See RG27.2, Nebraska. State Department of Health for related records.

SCOPE AND CONTENT NOTE

Due to the complex structure of the State Department of Health, the records of this agency have been divided into two separate parts. RG27.1, State Board of Health; RG27.2, State Department of Health. The following is an inventory of the first division, the State Board of Health, including the Bureau of Examining Boards.

The records of the State Board of Health are organized in the following order:

- SG1 Correspondence of the Secretary, 1891-1953
- SG2 Annual Reports, Laws
- SG3 Fiscal Records
- SG4 Bureau of Examining Boards, 1887-1991
 - S1 Correspondence of Board Members, 1920-1961
 - S2 Board of Chiropody, 1922-1955
 - S3 Board of Nursing, 1901-1991

- S4 Board of Optometry, 1907-1937
- S5 Board of Dentistry, 1905-1934
- S6 Board of Veterinary Medicine, 1905-1934
- S7 Board of Pharmacy, 1887-1980
- S8 Board of Cosmetology, 1930-1961

- SG4 (cont) Series Order
- S9 Board of Medical Examiners, 1891-1948
 - S10 Board of Osteopathy, 1909-1942
 - S11 Board of Embalmers, 1899-1956
 - S12 Board of Basic Science, 1927-1975
 - S13 Board of Barber Examiners, 1927-1973
 - S14 Board of Podiatry, 1973-1987
- SG5 Minutes of the State Board of Health, 1891-

DESCRIPTION

- SG1 CORRESPONDENCE OF THE SECRETARY, 1903-1919

S9 BOARD OF MEDICAL EXAMINERS, 1891-1948

film

SS1 MINUTES, 1903-1935

NOTE: The following volumes are minutes of the Nebraska State Board of Health and include actions taken by the Board regarding licenses to practice medicine in Nebraska, 1903-1935. By a legislative act April 3, 1903, the state board of health was required to examine all applicants for certification as physicians. By a legislative act in 1905, maternity homes and boarding homes for infants came under the jurisdiction of the board. The board was known as the Secretaries to the State Board of Health until July 23, 1917. It then became the Advisory Board to the Nebraska State Board of Health and was organized as such July 24, 1917. It was again reorganized as the Board of Medical Examiners in November 1918 and became a part of the Department of Public Welfare. This board held its 1st meeting November 13, 1919 and continues through the period of these minutes, January 8, 1935.

Roll #3

frame #508
