HISTORICAL NOTE

Madison County is situated in the northeastern portion of Nebraska and encompasses an area of 575 square miles. It was created in January 1856 by the Territorial Legislature. The county was first settled in 1866 by a colony of 24 families from Wisconsin who came to the present site of Norfolk. By 1871 most of the county was settled. The first post offices were established at Norfolk, June 9, 1868, and at Madison, December 23, 1869. The last post office established in Madison County was at Enola in January 1906 (discontinued in 1909). 88,000 acres of land in Madison County were sold by the Burlington and Missouri River Railroad company. Railroads who built lines through the county were the Fremont, Elkhorn and Missouri Valley (1879); the Omaha, Niobrara, and Black Hills Railroad (1880); and the St. Paul and Sioux City RR (1882).

Official organization of the county took place in December of 1867 and the first election was held January 21, 1868. After several contests over the location of the county seat, Madison won the honor October 12, 1875, and it still holds today despite the fact that it is ten times smaller than Norfolk. Madison was incorporated July 6, 1876.

The population of Madison County in 1880 was 5,587. The county has grown steadily to a present-day count of 32,655 persons (1990). There are two stated origins of the name of the county. One was that the county was named for President James Madison, and the other that the county received its name for the former residence of the original settlers.

SCOPE AND CONTENT NOTE

Subgroups One and Two, Assessments and Tax Lists, are currently unfilmed and basically unorganized. The inventory for these subgroups is a preliminary inventory and accurate contents will not be known until organization of these subgroups for filming purposes.

Subgroup One, Assessor, consists of Real and Personal property assessment schedules, 1874-1908; Real Estate Assessments, 1908-1967; and Personal Property Assessment Schedules, 1908-1960 (non-inclusive). Included in subgroup two are Real and Personal Tax Lists for the county, 1867-1964, Delinquent Tax Lists, 1869-1943; Tax Sale and Redemption Records, Special Assessment Vols., 1923-1966; and School Land Records, 1870-1975. Also included are precinct assessor worksheets, 1884 and acreage reports for several precincts, 1883-1885. Tax Rolls for the county exist on microfiche for the years 1981 to current. See archivist for access to the microfiche.

Subgroup Three, County Board of Commissioners, records the minutes of the County Board's regular meetings, 1868-1975. This subgroup is on microfilm and can be found shelved in the microfilm reference room under RG251. Included in box one is a petition for change of county seat, 1892 and State Census returns for Norfolk & Emrick precincts, 1883.

A portion of Subgroup Four, Election Records, is also on microfilm and continues the film rolls of Subgroup Three. These record the abstract of votes cast at general, primary, special, and precinct elections held in Madison County, Nebraska. Also included is an Election Board record, 1934-1970, which lists officers of elections for the different townships and precincts.
and an Absent and Disabled Voters Registration record for elections dating 1944-1968.

Subgroup Five, County Clerk, is partially on microfilm. The microfilm portion, Series One and Two, continues the film rolls of Subgroup Four. Series One records contracts and articles of incorporation for firms and associations registered in Madison County, 1875-1948. Volume one of Series Two, Miscellaneous Volumes, 1870-1930, can be found on roll number ten, immediately following Series One of this subgroup. It records articles of incorporation and organization documents for churches and religious societies founded in Madison County, 1870-1922. The other miscellaneous volume is a liquor bond register, 1917-1930. Also included in this series are press releases for the county ASCS, 1940-1965 and a militia list, 1913. Series Three of this subgroup contains individual township clerk's registers recording minutes, etc. of township boards of Madison County, 1889-1891.

Series Five of Subgroup Five contains the Marriage Records of Madison County, 1868-1995 on microfilm. Indexes are dated, 1868-1995 and Licenses and Certificates run through December 1993. These records were microfilmed at the county courthouse by the Genealogical Society of Utah with the cooperation of the county clerk and the Nebraska State Historical Society. Licenses 1987 and following have been edited before microfilming to remove confidential information as defined by section 71-602, R.R.S. Nebr. 1990. The original records remain at the county courthouse.

There are currently no records in storage for Subgroup Six, Register of Deeds.

Subgroup Seven, County Surveyor, includes plat books and surveyors records on microfilm, 1872-1977, and blueprints of Norfolk subdivisions, 1914, not on microfilm. Also included in this subgroup are two volumes which record the history of Madison County Roads, 1869-1920. Two boxes of undated section maps registering property owners for each section was weeded from the Paul Riley manuscript collection. The origin and reason for the maps is not known.

The bulk of Subgroup Eight, County Court, exists on microfilm. Included are County Court Dockets, 1872-1910 and Justice of the Peace Dockets, mainly for Norfolk Precinct, 1883-1903. An additional thirteen volumes of Justice Dockets, 1902-1946, not yet microfilmed, are also contained in the subgroup.

There are no records for the Madison County District Court, Subgroup Nine, or Madison County Superintendent of Schools, Subgroup Ten, in storage at the State Archives.

Subgroup Eleven, School Districts, is divided into two series: 1) School District #52; and 2) Misc. School Districts, 1880-1979. The records of Series One include Attendance and grade summary records, 1897-1909; Text Book Registers, 1892-1909; and a School District Director's Record, 1900-1909, which contains the minutes of school district meetings, 1900-1905, lists of school officials, 1899-1909, teachers contracts, 1900-1903, fiscal and treasurer's records, 1900-1905, and annual reports of the school district, 1901-1904. Also included in this Series are school census reports for the district, 1904-1909.

Series two contains misc. school district records recently accessioned into the Archives including records for districts #9, #26, #51, #53, #88. Attendance Registers, Lesson Plans, Treasurer's record books, secretary's records, and director's records are included.

The bulk of the records of Madison County were submitted for storage in the State Archives in September of 1977. Microfilm copies were produced for the records of Subgroups Three thru Seven in October of that year. The Commissioners Proceedings, Election Records, and Surveyor's records were returned to the county after microfilming. Court and Justice Dockets, which came to the State Archives on September 29, 1975, were microfilmed by the Historical Society in September 1982. The records of School District #52 were loaned to the Society for microfilming by Miss Luava Hoffman of Norfolk, Nebraska in June of 1973.
