HISTORICAL NOTE

On the eastern border of Nebraska, bordered by Otoe, Johnson, Pawnee, and Richardson counties, Nemaha County was among the first settled counties of Nebraska. It was originally known as Forney County, organized by proclamation of the Governor, November 12, 1854. The name was changed to Nemaha at the first regular session of the Territorial legislature.

The first townsite was at St. Deroin, in the southern part of the county, laid out in 1853. However, it was only regarded as a trading post. The first settlement began around Brownville in 1854. That town was laid out in the spring of 1855. The county seat was located at Brownville and the courthouse was erected there in 1866-1867. In 1858 & 1876 attempts were made to change the county seat but were not successful until 1885 when the county seat was successfully moved to Auburn, Nebraska.

Nemaha County claims one of the earliest newspapers of the state, the Nebraska Advertiser, started at Brownville in 1854. By 1884, there were five newspapers being published at Auburn. The telegraph was initiated in Nebraska at Brownville in August of 1860.

Peru State College was begun as Peru at Mt. Vernon College, March 27, 1866. It became a state normal school in 1868.

The first railroad company in Nemaha County was organized in 1857. The Brownville, Fort Kearney and Pacific Railroad was organized in 1867 but it was not until 1874 that a railroad was completed to Brownville. The Midland Pacific Railway, organized in 1866, later the Nebraska Railway, completed this line. The Missouri Pacific and the Burlington and Missouri River Railroads also traverse the county.

Nemaha is an Indian word. ‘Ne’ signifies water in the Otoe district and ‘maha’ was the name of a tribe of Indians known as Omahas. The county was named for the Nemaha river flowing through the county.

**SCOPE AND CONTENT NOTE**

Personal assessments for Nemaha County for 1960 & 1965 only exist in Subgroup One. The remaining assessments are for lands and lots.

The same is basically true for the Tax Lists of the county with the exception of a few scattered years of personal tax lists, 1909-1914 and 1921-1922. Subgroup Two, Treasurer, is divided into six series: 1) Tax Lists, 1905-1966; 2) Delinquent Tax Lists, 1940 & prior; 3) Tax Sale and Redemption Records, 1863-1923; 4) Motor Vehicle Tax Lists, 1935-1942; 5) School Land Records, 1869-1924; and 6) Special Assessment Records, 1913-1974.

Subgroup Three, County Board of Commissioners, consists of the proceedings of minutes of the county board meetings, 1856-1971, on microfilm filed in the West Reference Room under RG249.

Records contained in Subgroup Five, Register of Deeds, consist of Patent Entry Books (Grantor/Grantee), 1860-1917; a Deed Record, 1883-1916; and nine numerical indices, 1855-1968.

Subgroup Six, County Court, consists of civil dockets of Justice courts and dockets for civil cases in the Probate court of Nemaha County, 1859-1913. Probate records exist on security microfilm. An index to these cases is shelved in the Library and reels are identified in this inventory.

There are currently no records in the State Archives for the Superintendent of Schools, Subgroup Eight. See Subgroup Nine for individual School District Records.

Subgroup Nine is divided into one series: 1) School District #51, 1868-1904. Included are minutes of annual school district meetings, treasurer's records, and school census reports.
The first accession of records for Nemaha County was made in June of 1973. This included the county court civil dockets. The county Board of Commissioners proceedings and election records were loaned to the State Archives for microfilming in May of 1977. Records of the Assessor, Treasurer, and county Clerk were accessioned at the same time as the microfilm project was completed. The Nemaha County Naturalization records were accessioned and microfilmed in April of 1989 along with the entire records of the District Court. The School District records were acquired through the courtesy of Pearl Edwards of Lincoln, Nebraska, November 14, 1990. The marriage records were copied from security microfilm produced by the county in 1992 and added to the Reference room in 2005.
