HISTORICAL NOTE

The Nebraska State Poultry Association was organized under the Laws of Nebraska, 1893. It was established to promote and improve poultry breeding and management through statistical reports and exhibitions. Funds were provided for its operation and publishing expenses.

C. M. Lewelling was the first president and the first annual meeting was held in 1893. In 1969 the Legislature repealed the section relating to the association and its functions were transferred to the Nebraska Poultry Improvement Association.
