Nebraska. Department of Public Institutions

Records: 1870-1981

Cubic ft.: 22

Approx. # of Items: 39 boxes; 6 vols.; 11 oversize  
items; and 2 vols. on 1 reel 35mm microfilm

NOTE: Some records of this subgroup are considered by law confidential records and are restricted from patron use by Nebraska Revised Statutes, 83-109 & 83-1068. The restricted records are designated by red dots on the inventory and on the restricted items.

## HISTORICAL NOTE

The State Constitution of 1875 designated the Commissioners of Public Lands and Buildings, Secretary of State, Treasurer, and the Attorney General of Nebraska to form a board and have supervision and control of all buildings, grounds and lands of the state including the state prison, asylums, and all other institutions except those for educational purposes. These powers were further redefined by an act of the Legislature on February 13, 1877.

On July 1, 1913, the powers previously possessed by the Governor and the Board of Public Lands and Buildings with reference to the management and control of state penal, reformatory, and charitable institutions were vested in the Board of Commissioners of State Institutions. This board had earlier been created by a constitutional amendment adopted November 5, 1912. The board's name was changed to the Board of Control by another constitutional amendment in September of 1920, and again in 1961 to The Department of Public Institutions.

The Department of Assistance and Child Welfare had been established by the Legislature in 1937 under the supervision of the Board of Control. In 1953, the Division of Public Welfare was created and the Board of Control served as its supervisory body. In 1958, the state constitution was again amended to give general management, control, and government of all state institutions to a department of the state determined by the Legislature. The Department of Public Institutions, which began operation in January of 1962, inherited general control and oversight of thirteen institutions. This number was reduced in 1963 when the Nebraska Penal and Correctional Complex was established with control over the state's correctional facilities including the penitentiary at Lincoln; the Reformatory for Women at York; the Girls' Training School, Geneva; and the Boys' Training School at Kearney.

Womens' Associate Charities of the State of Nebraska

The 1969 Legislature moved the Office of Mental Retardation from the Department of Health to the Department of Public Institutions and created the Division of Medical Services. This division administrates the state's developmental and regional centers including Beatrice State Development Center (Beatrice State Home); Hastings Regional Center (Hastings State Hospital) including a Central Nebraska Mental Hygiene Clinic; the North Platte Psychiatric Clinic; the Lincoln Regional Center (Nebraska Hospital for the Insane) including the Southeast Psychiatric Clinic; the Norfolk Regional Center (Hospital for the Insane, Norfolk); Panhandle Mental Health Center at Scottsbluff; the Nebraska Psychiatric Institute, Omaha (in conjunction with the University of Nebraska); the Nebraska Orthopedic Hospital (defunct 1971); and the Nebraska Hospital for the Tuberculous at Kearney (defunct 1972 and functions given to Department of Health).

The 1887 Legislature created the Nebraska Soldiers and Sailors Home, located at Grand Island. The name changed to the Nebraska Veterans' Home in 1969. The Legislature established the Milford Soldiers and Sailors Home in 1895 to handle the overflow from Grand Island. The Board of Control and later the Department of Public Institutions supervised these homes. Additional homes are the Nebraska Veterans Home Annex on the grounds of the Norfolk Regional Center (1963); the Western Nebraska Veterans Home at Scottsbluff (1975); and the Eastern Nebraska Veterans Home at Omaha (1980).

In addition to the Medical Services Division, a Division on Alcoholism was created by the 1967 Legislature. The Division of Rehabilitation Services for the Visually Impaired, formerly known as the Division of Services for the Visually Impaired, was also added to this department.

#### SCOPE AND CONTENT NOTE

This collection consists of the records of the Department of Public Institutions, 1913-1955, and individual institutions, 1870-1981, arranged in the following subgroups: 1) Administration, 1881-1955; 2) Nebraska State Penitentiary, 1870-1955; 3) Girls' Industrial and Training School, Geneva, 1891-1915; 4) State Industrial School, Kearney, 1885-1954; 5) Beatrice State Developmental Center, 1891-1955; 6) Hastings Regional Center, 1887-1957; 7) Lincoln Regional Center, 1878-1915; 8) Norfolk Regional Center, 1891-1915; 9) Orthopedic Hospital, 1909-1975; 10) Nebraska Veterans' Homes, 1887-1915; 11) Department of Assistance and Child Welfare, 1935-1954; 12) Womens' Industrial School, Milford, 1889-1915; 13) Board of Purchases and Supplies, 1877-1913; 14) Nebraska School for the Blind, 1877-1915; 15) Division of Services for the

RG039

Nebr. Department of Public Institutions

Sheet 3

Visually Impaired, 1978-1981; 16) School for the Deaf, 1870-1915;  
17) and Home for Dependent

Children, 1882-1903.

The bulk of this collection consists of minutes and reports of the separate subgroups. Most of the collection came from the Governor's vaults in April of 1926 and were formerly shelved with that collection. Few records (except for newer divisional records) post date 1915 and incorporate the institutions governed by the Board of Commissioners of State Institutions and the Board of Control. The Department of Public Institutions has its own Archives and Records program. We hold some of the agencies security microfilm but all of that is considered Confidential.

Reports of the agencies include annual and biennial text reports and semi-annual financial reports. Special reports and correspondence regarding each subgroup can be found in subgroup one, Administration. Any records regarding patients or prisoners themselves would most likely be Confidential and restricted from research use. Some subgroups include records of admittances and discharges and statistical information that may be available. Of special importance are the minutes for different subgroups including the minutes of the Board of Prison Inspectors, 1870-1877, and the Home for Dependent Children, 1882-1903. The Home for Dependent Children (previously Home for the Friendless, Lincoln) became the Nebraska Center for Children and Youth (NCCY). It is currently government by the Department of Social Services but during the time covered by the minutes was under the control of the Board of Control. Also of interest are the minutes of the Department of Assistance and Child Welfare relating to the state assistance funds. Included in the collection are the Minutes of the Womens' Associate Charities of the State of Nebraska, 1889-1894. This charitable group had supervision of the Industrial School at Milford.

The most recently accessioned records of this collection (aside from security microfilm) includes the drawings of the Orthopedic Hospital (closed in 1971) and the records of the Division of Services for the Visually Impaired.

**Deaths (cause of death is the same for all three--Boiler Explosion)  
February 1889**

2/5--W. W. Huntley, Saline County, Date of Admission 4/5/1881 Hospital Cemetery

2/5--T. K. Saunders, Pawnee County, Date of Admission 12/22/1884, Hospital Cemetery

2/6--George I. Cahine(?) or Cahene, Howard County, Date of Admission 12/2/1881, Hospital Cemetery

\*\*\*Note: On February 5, 1889, one of the boilers in the boiler-house of the asylum exploded, killing one engineer and two patients, that destroyed the boiler-house. The Legislature was then in session, and an investigation indicated incompetency in the engineers. An appropriation was made at once for rebuilding the boiler-house, and the work has been completed. (Excerpt from *1889 History of Lincoln, Nebraska*)

**April 1889**

**Admissions**

4/3--Jay Smith, no age listed, Lancaster County

4/4--Owen Mooney, Age 55, Nemaha County

Misc. Correspondence in file, Nebraska Hospital for the Insane  
 11-8-1894

"First surgeon at the ??

Dear Sir,

I wish that you would be so kind as to let me know what my daughter Elonisa Port? Was sent there for, and how she is, and if there is hopes of her getting well, if so could she be sent to Norfolk, we live only 6 miles from the asylum. She also has two married sisters and a brother in this district and several half sisters and brothers...and we all would like to see her but are too poor to go to Lincoln these hard time. If she could be sent to asylum here I would be much pleased

yours truly

Edwin Roulett?

Department of Assistance &amp; Child Welfare

## SUBGROUP ELEVEN

## ASSISTANCE AND CHILD WELFARE, 1935-1954

The State Legislature of 1937 transferred the administration of the State Assistance Funds from the Board of Educational Lands and Funds to the Board of Control. The Department of Assistance and Child Welfare was established under the Board of Control and the board determined the policies and supervised the work of the department in the categories of old age assistance, child welfare services, aid to dependent children, blind assistance, and services for crippled children. The legislature in 1953 transferred the functions of this department to the Division of Public Welfare (now Social Services). The 1961 Legislature abolished the Board of Control and established the Department of Public Welfare as an executive department effective January 1, 1962. Records after 1962 will be found with the records of the Dept. of Social Services, a separate record group.

Home For Dependent Children  
Home For the Friendless

SUBGROUP SEVENTEEN NEBRASKA. HOME FOR DEPENDENT CHILDREN

SERIES ONE HOME FOR THE FRIENDLESS, 1882-1903

## HISTORICAL NOTE

In 1876 charitable women organized home for the friendless societies in various parts of the state. In 1881 the Lincoln Home for the Friendless became a semi-public institution under the supervision of the Board of Public Lands and Buildings. By an act of the Legislature in 1897, this home was placed under the immediate control of the state. In 1909 the Legislature created the state public school for dependent children and located it at the home for the friendless. By a decision of the attorney general, given April 16, 1914, the board of commissioners of state institutions assumed the direction of this institution. It was then renamed "Home for Dependent Children." This home was later supervised by the Dept of Public Welfare (Social Services) and referred to as the Nebraska Center for Children and Youth.
