HISTORICAL NOTE

The town site of Roca was laid out in 1872 on the farms of W. E. Keys and John H. Meyer. The town was incorporated into a village September 22, 1885. The town had been a post office since May 18, 1876. The name was derived from the Spanish word for "stone" and was chosen because of the extensive limestone quarries to be found in the region. The town lies in the south central part of Lancaster County. Roca has a population (2005) of 220 persons.
