EMPLOYEE LIST
CASEMENT COLLECTION

This list is compiled to identify the employees working for the Casements (that are mentioned in the collection) during the construction period, their positions, and wherever possible, their addresses before employment. Drafts were sent home & the address of the different employees will follow their position on the road. In parenthesis following the address is the name of the person to whom the draft is sent. If there is no last name given, it is the same as the one sending the drafts.

The information or material available on the employees will follow in parenthesis or after a dash between the job i.d. and address, i.e. (time check) or – paycheck.

Information was compiled from the employees files, payroll records, draft books, journals & the general correspondence file, Box 1, S5, Folder 1.
