

## **Adams County, Nebraska**

RG213  
& film

Adams County, Nebraska

Records: 1872-1977

Cubic ft.: 54

No. of Items: 170 vols., 85 boxes; &  
57,962 pages & 785 volumes on  
109 reels of 35mm microfilm; and  
card index on 2 reels of 16mm microfilm.

### **HISTORICAL NOTE**

The area which became Adams County, Nebraska, was, early in its history, the focal point of two distinct westward migrations. The first began soon after 1830 when the unorganized area was traversed by gold seekers and immigrants on their way to Oregon. This phase of the migration reached its height during the California gold rush. The second distinct phase of the westward movement began in 1869 and led to permanent settlement of the area. Although settlers began to move into the county in 1869, settlement did not begin in earnest until 1871. Settlement was substantially aided by not only the post-civil war movement of soldiers to the west, but also the railroad. The principal railroads involved were the Burlington and the Saint Joseph and Denver City which completed their railroad tracks through the county in 1871 and 1872 respectively.

Although Juniata was selected as county seat in 1871, the site was relocated at Hastings in 1878 as a result of its convenient location at the junction of the above railroads.

Adams County was named in honor of John Adams (1735-1826), second President of the United States.

### **SCOPE AND CONTENT NOTE**

This collection consists of the records of Adams County, Nebraska, arranged in the following subgroups: 1) Assessor, 1876, 1883-1921, 1955-1975; 2) County Treasurer, 1874-1901; 3) County Board of Supervisors, 1872-1971; 4) Election Records, 1873-1973; 5) County Clerk; 6) Register of Deeds; 7) County Court, 1872-1956; 8) District Court, 1872-1960; 9) School Census, 1875-1977; and 10) School District Records, 1890-1923.

Assessment Records, 1876, 1883-1920, of Subgroup One, can be found on microfilm. These consist of Personal and Real Estate Assessments. Additional records accessioned in 1991 for the years 1955-1975, have not as yet been inventoried or microfilmed.

Subgroup Two, Treasurer's Records, consists of Tax Lists, 1874-1901, microfilmed by the Historical Society in 1987.

Subgroup Three, County Board and Supervisors records on microfilm, consists of security microfilm copies of Commissioners Proceedings. At the beginning of roll #1 there is a roster of County Officials, 1872-1929.

Subgroup Four, Election records, registers Abstracts of Votes Cast at general and primary elections in Adams County, 1873-1973, on microfilm copied from county security microfilm stored at the State Archives.

Subgroup Five, County Clerk consists of Marriage records, 1872-1921, copied for the reference room from microfilm produced by the county. The master negative has variable density producing poor copy on most indexes. Original records are at the Adams County Historical Society. The indexes may be refilmed at a later date. One reel containing marriages, 1894-1903, was lost when sent to an outside vendor to be digitized. The reel was never returned to the Archives. These missing marriages may also be refilmed at a later date.

Subgroup Seven, County Court, is divided into two series: 1) Justice of the Peace Dockets, 1872-1959; and 2) County Court Judges' Dockets, 1886-1912. Series One contains records from five different precincts and are arranged chronologically.

Subgroup Eight, District Court, is divided into three series: 1) Case Files, 1876-1960; 2) Naturalization Records, 1872-1955; and 3) General Index and Miscellany, 1872-1950.

Series One, Subgroup Eight, includes briefs, transcripts, and bills of exception. A significant part of the case files concerns the settlement of the John O'Connor estate during the early 1920s. Also included in this series is a roll of film containing records of the case State of Nebraska vs. I.P. Olive et al, 1879.

Subgroup Eight, Series Two, Naturalization Records, was microfilmed by the Historical Society in April, 1987, and can be found shelved separately with other Nebraska naturalization records in the West Reference Room. Also on microfilm is a card index to naturalizations.

Roll #1 of Series Three, Subgroup Eight, contains naturalization records; a motion docket, 1887; coroners records, 1912-1950; and a general index to district court cases, 1875-1888. Patrons should ignore the naturalization records appearing at the beginning of this roll. These naturalization records were refilmed by the Historical

Society and are contained in series two of this sub-group. Roll #1 of was copied from security microfilm in order to obtain the General Index and the other records appearing on this roll.

Subgroup Nine, Superintendent of Schools, is divided into one series: 1) School Census, 1875-1977. The census was loaned to the Historical Society for microfilming by the county superintendent of schools in 1978. All reels for years 1921-1973 are restricted due to the presence of confidential material restricted by law.

Subgroup Ten contains one reel of microfilm for School District #3 including the school treasurer's reports, 1890-1923. These reports were loaned to the Historical Society for microfilming by Vernon Hunt of Kenesaw, Nebraska, August 9, 1970. Additional School District records can be found at the Adams County Historical Society.

## DESCRIPTION

film

### SUBGROUP ONE ASSESSMENT RECORDS, 1876-1975

NOTE: There are gaps in assessment records at the Archives  
for the years 1877-1882 and 1921-1954

film
