HISTORICAL NOTE

The formation of Arthur county was approved by an act of the Legislature in 1887 but remained a part of McPherson county until 1913 when it was officially organized.

The first post office in the area which was to become Arthur county was established at Lena on April 25, 1891. When the county was organized, Arthur became the county seat and a post office was established there in January 1914. The first courthouse operated from a shack while the town was being constructed. The permanent courthouse was erected in August of 1914, the smallest in the United States at 26 feet by 28 feet. A new courthouse replaced this one in 1961.

Arthur county consists of 710 square miles and has a population of 462 (1990). The county was named for Chester A. Arthur, U. S. president, 1881-1885.
