HISTORICAL NOTE

Lincoln County, formerly called Shorter County, was created by an act of the territorial Legislature in 1859. The general election for the organization of the county was held in September 1866. The first county seat was located at Cottonwood Springs and in 1867 was removed to North Platte. Lincoln County is located in west-central Nebraska about 250 miles from the Missouri River. The Platte River flows through the county from west to east. This area is noted for the excellent quality of hay produced and is adapted to stock-raising and dairy farming.

Lincoln County is bounded on the north by Logan and McPherson counties, on the east by Custer and Dawson counties, on the south by Hayes and Frontier counties, and on the west by Perkins and Keith. The county was named for President Abraham Lincoln who was assassinated one year prior to its organization.

Many parts of Lincoln County were settled by persons taking advantage of the Homestead Act and Timber Culture/Preemption laws. Settlement was also complimented by the railroads moving through Lincoln County. The Union Pacific Railroad built its main track through the county in 1866 and constructed its North Platte shops in 1867. The Burlington road built through the county in 1880-1881.

SERIES ONE NATURALIZATION RECORDS, 1869-1981

NOTE: For Card Index see Microfilm Record

NOTE: Correlation between the volumes as microfilmed and the card index is extremely confusing. See explanation at start of film record. Also some volumes appear to be missing. Pay particular attention to volume name designations for card index.

- v.1 Declaration of Intention Vol. A (no index)
September 1869 - September 1885
(referred to as "vol. old" on card index)
- v.2 Declaration of Intention Vol. B (no index)
September 1885 - February 1903
(referred to as Declarations, "old vol."
on card index. Not to be confused with
above designation.)

SERIES ONE NATURALIZATION RECORDS (cont)

v.5 Declarations of Intention Vol. #F
 #101 (November 1912) thru #364 (June 1929)
 (referred to in Card Index as "Vol. F." Due
 to some error in designating above vol. in
 index as "E", use Declaration numbers as
 reference. Also referred to in some cases
 as Dec. of Intention "Vol. 5" or Dec. of
 Intention "Loose Leaf #1")

v.6 Naturalization Record Vol. A (final papers)
 March 1886 - May 1903
 (referred to as "Cert. of Naturalization,
 Vol. A or Naturalization Rec. Vol. A" in
 card index.

NOTE: Naturalization Record #1 (final papers) referred
 to in card index was missing at time of filming.
 This would cover the years 1873-1905.

v.7 Naturalization Record Vol. B (final papers)
 November 1903 - September 1906
 (referred to in card index as "Vol. __")

v.8 Petition & Record Vol. 1
 (same in card index)
 #1 (October 1906) thru #50 (August 1912)

v.9 Petition & Record Vol. 2
 (same in card index)

- #51 (August 1912) thru #148 (February 1925)
v.10 Petition & Record Vol. 3
(same in card index)
#149 (February 1925) thru #202 (February 1929)

NOTE: The remainder of the volumes were added to the collection in 1987. These volumes were filmed without designating volume numbers. Scattered entries exist in the card index for Petitions, 1931-1981. Final Certificates appear instead of the formal index card.

- v.11 Petition & Record Vol. 4
#203 (June 1931) thru #300 (January 1956)

SERIES ONE NATURALIZATION RECORDS - MICROFILM RECORD

NOTE: Volumes 1 thru 11 and 15 are included in the card index.

Final Certificates only appear for the remainder of the Naturalization Volumes. There seems to have been some confusion as to volume names when preparing the index. Every effort has been made to correlate the card index to the actual volumes. See inventory of volumes above for proper volume designation on card index. For Declarations of Intention, the most accurate method of finding the correct volume would be to use the Declaration numbers (not pg. or vol.) referred to on card index as "Form No.", and locate the correct volume using the inventory provided above. Naturalization Record #1 (final papers) referred to in the card index does not appear on microfilm and has not been accessioned by the Archives.
