Thurston County, Nebraska

Records: 1882-1977  
cubic ft.: 26.5  
No. of Items: 48 vols., 2 boxes, and 52 reels of microfilm

HISTORICAL NOTE

Thurston County was one of the last four counties organized in Nebraska, largely due to the fact that much of the area had been established as an Indian reservation in 1854. Until 1865 this reservation belonged to the Omaha Indians, but in that year the northern portion of the reservation was ceded to the Winnebago Indians who had found the lands in the Dakota's undesirable.

In 1872 the Indians ceded part of their lands back to the United States Government and the land was subsequently open to settlement by act of Congress. The area to become Thurston county was placed under the jurisdiction of Dakota county. The opening of the western part of the reservation to white settlement, combined with the general transition from tribal holdings to individual ownership facilitated a substantial increase in the population of the area. As a result, a bill was introduced in the State Legislature in 1887 establishing Blackbird County in honor of the famous Omaha Chief. This bill was vetoed by Governor John M. Thayer, but in the next session a similar bill was passed. However, the county was named Thurston in honor of John M. Thurston, a United States Senator from Nebraska who played an instrumental role in the creation of the county. Pender, Nebraska became the county seat.

SCOPE AND CONTENT NOTE

The records of Thurston County, almost exclusively existing on 52 reels of microfilm is arranged in five series: 1) Treasurer, 1889-1952; 2) County Court, 1886-1977; 3) Register of Deeds, 1882-1975; 4) County Board of Supervisors, 1889-1968; and 5) Abstracts of Elections, 1890-1972.

Series One, Treasurer, Subseries 1, consists of 64 volumes of tax lists, 1889-1930 on 15 reels of microfilm containing personal and real estate valuations for Thurston county. Included in subseries two are two boxes of case files material consisting of tax receipts, briefs (1946), and correspondence, 1936-c.1952 relating to delinquent taxes and suits by the government concerning payment of monies due. The files are arranged alphabetically by surname of tenant and/or owner of the property.

Series Two, County Court, exclusive on microfilm, consists of various court dockets and journals, 1886-1977 arranged in four subseries: 1) Marriages, 1889-1912; 2) Birth and Death Register, 1917; 3) Court Dockets, 1886-1959; and 4) Probate Records, 1895-1977. Subseries One, Marriage Records, on one reel of microfilm, is shelved separate from RG237 in the Microfilm Reference Room. Subseries Two consists of one volume of births and deaths in the county for the year 1917. Subseries Three consists of nine reels of microfilm of miscellaneous dockets and journals of the court including general dockets, 1890-1950; justice dockets, 1886-1929; Delayed Birth Record, 1941-1959; Estate and Entry Books, 1889-1909; and Police Judge's Dockets for the Village

of Pender, Nebraska, 1912-1942. The Probate Dockets of Subseries Four, 1895-1977, are microfilmed on 20 reels and shelved with RG237 in the Microfilm Reference Room. They contain all cases handled in Probate Court including Guardianships, Conservatorships, Trusts, and Estates. Volumes 1 thru 5 only are indexed. Cases appear chronologically in the volumes. Starting with Volume 25, pages are numbered by individual cases (i.e., p.1, 1A-1Z, 1AA-1ZZ, etc. would be for the entire first case appearing in the volume). For ease of use page numbers are used as case numbers for each volume. Volume 25 for instance may consist of 700 or more pages and includes a total of 85 individual cases. Originals are retained by the Historical Society.

Series Three includes miscellaneous records of the Register of Deeds office, 1882-1975. Except for Roll #1, this series was copied from security microfilm of Thurston County and was not filmed by this agency. Included are numerical indices; deed and mortgage records (including general indexes); surveyor's records, 1890-1961; a land patent record, 1909-1975; death certificates, 1950-1961; and miscellaneous other volumes of this office. This Series appears entirely on microfilm.

The County Board of Supervisors' proceedings of meetings are contained in Series Four on 3 reels of microfilm for the years 1889-1968.

Abstracts of Votes Cast in general and primary elections, 1890-1972 comprise the final series of this collection.

The Tax Lists were received by the Archives from the county in November of 1971 and microfilmed by this agency in 1982. Court records were transferred in 1978, microfilmed in 1978, and most returned to the county. The Archives retains the Probate Records. Marriage records were loaned to the Archives for microfilming in 1981 and the Register of Deeds security microfilm was copied for reference use in 1988.
