Wayne County, Nebraska

Records: 1870-1972

Cubic ft.: 10

No. of Items: 15 boxes, 32 vols., and
84 reels of 35mm microfilm

Historical Note

In the fall of 1870, three years after Nebraska had been admitted to the Union, Wayne County was organized by a proclamation of Governor David Butler. Its boundaries were defined and its organization legalized March 4, 1871.

Although the area contained lands of great agricultural value, settlers did not begin arriving until 1868. The early settlers resorted to three methods to secure lands: homestead, tree claim, or direct purchase. There were, however, very few homesteads within the county. Rather, much of the land was purchased outright from the Federal Government by large non-resident speculators and also large amounts had been granted some 23,093 acres by the Federal Government early in the county's history.

LaPorte was selected as the first county seat in 1871 and a court house was constructed in 1874. When a railroad was constructed across the county in 1881, and by-passed LaPorte, the community not only lost its envied position as county seat but soon thereafter became a ghost town. The center of the local government was moved in 1881 to Wayne which was established along the railroad line. The present courthouse was completed in 1899.

The county was named for Anthony Wayne (1745-1796), the American Revolutionary General.

SCOPE AND CONTENT NOTE

This record group consists of the records of Wayne County, Nebraska arranged in nine subgroups: 1) County Assessor, 1879-1945; 2) County Treasurer, 1871-1940; 3) County Board of Commissioners, 1870-1967; 4) County Clerk 1882-1972; 5) Register of Deeds, 1904-1920; 6) County Court, 1882-1932; 7) District Court, 1874-1932; 8) Superintendent of Schools (no records); 9) School District Records (no records).

The bulk of the collection consists of Assessment Schedules and tax lists on microfilm. The assessment records include both the county Assessor's valuations of personal and real property within the county, arranged by precinct. These records provide more detail than the tax lists of Series Two, i.e., number, type and value of livestock, equipment, county tax, school district tax, sanitary tax, et al., addresses, receipt number, date of payment, person paying, delinquency (if any). The motor vehicle tax lists reveal the name of the owner, his address, description of automobile, valuation, total tax, date paid, etc. Also included in Subgroup Two, Treasurer, are unfiled volumes relating to school land leases, a volume entitled Agricultural College Land Book, and a Tax Sale Book for sales of land due to delinquent taxes.

Subgroup Three, County Board of Commissioners records the minutes of the County Board, 1870-1967. This record provides an excellent reference to trace the development of the county, and is a complete record of minutes for this period. This series also contains one box of unfiled records concerning the construction of the County Courthouse, 1874, 1893-1896.

Subgroup Four, County Clerk, contains marriage records, 1871-1955, on microfilm produced by the Genealogical Society of Utah in cooperation with the Historical Society, 1997-1998. Marriage licenses are included for 1871-1955 only. The General Index on reel one includes entries through 1997.

Also included in series two are election records which include Abstracts of Votes Cast of the period 1882-1906 (unfiled) and 1908-1972 (on microfilm). A nearly complete file of election returns was assembled by obtaining official abstract of votes cast for each election, 1882-1906. Election returns, 1908-1972, are on microfilm for both primary and general elections.

Series seven includes both Soldiers and Sailors Rosters, 1923-1929 and Militia Rolls, 1905-1928. The Soldiers and Sailors Rosters were created by the precinct assessor for each precinct and ward. He was directed to make and deliver to the County Clerk at the time of the annual assessment of each odd number year a correct list of all persons who served in the U.S. Army, Navy, or Marine Corps during the War of 1812, the Mexican War, and the Civil War, or in any part of the military or naval service of the United States during time of war. The assessor indicated the rank, company, regiment, battery or vessel on which each individual served, their residence at the time of the census and post office

address. Some of this data was subsequently published, usually by the Nebraska Secretary of State. The original lists were then returned to the County Assessor.

According to a 1905 Nebraska State Statute, Militia Rosters were required. All male citizens and those who declared an intention to become citizens were annually enrolled by the county Assessor on militia lists. Information provided includes name, residence, age, occupation, prior military or naval service (if any). These rolls are organized by precinct. Subgroup four also contains one volume of brand records, 1878-1899.

Subgroup five, Register of Deeds, contains two volumes of Real Estate Transfers, 1904-1915; and one volume of an Assessors Mortgage Record, 1907-1920.

Subgroup Six, County Court, includes Justice of the Peace Dockets, 1882-1918, and official correspondence of the County Judge, 1929-1932.

Subgroup Seven, District Court, contains the naturalization records of the county, 1874-1932. These records have been microfilmed. Contact reference staff for access to these records.

There are no records in storage for subgroups eight through nine.
