

WILLIAM JENNINGS BRYAN  
"MARYMONT"  
COCONUT GROVE  
FLORIDA

When are you <sup>10</sup>  
going to spend the summer  
with Charlie is my only  
my dear sister <sup>returning</sup>

I am writing this  
letter for Fannie & Bess as well  
as for you. You have doubt-  
less read of the Tennessee case.

I want you to steel your  
silver against criticisms <sup>of me</sup>  
for the big papers are wrong  
on this question as our  
most question. I am

satisfied the court will  
hold fast, that the state  
has a right to control

the public school & therefore  
has a right to prohibit  
an teaching that they regard  
as injurious. I think we  
will win in the lower  
courts and not afraid  
of the Supreme Court of the

U.S. I may be going out  
to Dayton Tenn  
to stay with me during  
the trial. I expect to  
close the case (con-  
fidential) it will be my  
greatest opportunity. Love  
to all. affectionally  
with
