Submission of a completed Project Information Form with adequate information and attachments constitutes a request for review per applicable program guidelines. Grant assistance involving the demolition of a commercial property within the corporate limits of a city or village requires Applicants to submit a project review request to the State Historic Preservation Office. The State Historic Preservation Officer (NESHPO) shall evaluate the historic status of the property determining whether or not it is listed or eligible for listing on the National Register of Historic Places. Such determinations are finalized with this form. Applicants must include this form and any attachments thereof to notify NDEE of the property's historic status. After this determination, if the property is listed or eligible for listing then the project is not eligible for state aid (non-federal aid). Submit the completed form to HN.HP@nebraska.gov.
